For Permanent Exhibit.

A conference was held last evening at the Arlington to promote the establishing in this city of a permanent exhibit of woman's work. Among those present were Mrs. Brooks, Miss Birgham and Mrs. Rice of Boston, Mrs. Rafferty of Pittsburgh, Mrs. Taylor of New York, Mrs. Barron of California, Mrs. and Miss Sunderland and Mrs. T. E. Roessle of Washington. The meeting adjourned to some time in November next.

Enforcing the Law.

Since Mayor Sylvester issued an order to the police several days ago directing a strict enforcement of the law regulating the speed of vehicles, a number of arrests have been made. Several persons have also been arrested for violating the speed law with horseless vehicles. Major Sylvester declares the intention of having the law strictly enforced against all, including the motorcars on the street cars. At this season of the year many complaints are usually made regarding the recklessness of drivers. Special policemen on duty at the railroad crossings where the danger is greatest are giving the matter special attention. While several accidents have happened this season the number has been smaller than usual.

Decision Expected Monday.

Justice Barnard, in Criminal Court No. 1, will announce his decision, Monday morning next, in connection with the motion for a new trial in the case of George R. Davis, the former Southern Express Company messenger, recently convicted of larceny.

Will of Mrs. Mary Barrett.

The will of Mrs. Mary Barrett, dated October 11, 1897, was filed this afternoon for probate. Requests as follows are made: To Mrs. Joanna O'Connor, a daughter of the testatrix, \$50; to Mary A. O'Connor, a granddaughter, \$50; to Mrs. Joanna Chisholm, \$50; to Martin O'Connor, a grandson, \$50; for the use of St. Joseph's Church, \$40, together with a few gifts of personal property.

By the terms of the will of Mary A. Appier, dated November 22, 1898, and also filed this afternoon, her estate is left to her four daughters.

Finds Four Hundred Dollars.

James Lee, a small colored boy, who carries a few pennies occasionally by singing and dancing, was locked up at the second precinct police station today on suspicion. It is alleged that he found a pocketbook containing \$400 and a check for \$15 that had been lost by Mr. Herman Oppenheimer. The boy says he found the money and put it away, as he expects to go in business in the near future. Although only fourteen years old, he talks of speculating in stock and says he expects to become a prosperous business man. Detective Trumbo, upon his change of the case, has not yet recovered the money.

Farragut Square Building.

The work of demolishing the old house at the northwest corner of 17th and I streets was begun today. It is the intention of Mr. Francis H. Duchay, who recently purchased the property, to begin at once the erection on this site of an apartment house. The dimensions of the ground are 78x120 feet. Plans for the building are being drawn by Mr. T. F. Schneider, architect.

The percentage of divorce in the United States has more than doubled since 1870. Owing to the crisis in the woolen industries in the German empire the import and export of yarns have shown a decline in comparison with the preceding year.

BOTH SIDES HEARD.

Citizens For and Against Proposed Market House.

The District Commissioners are in receipt daily of communications regarding the proposed market on the east side of 14th street between V and W streets, and in regard to which a public hearing was had yesterday.

George C. Guyther of 2100 14th street, who states that he is in business near the site of the proposed market; Mr. Lindsay of 507 Pennsylvania, who says he is sure the market would be a great public convenience, and Michael La. Covey and A. E. Rae, who are engaged in business near the market, have written to the Commissioners in favor of the market.

Frank B. Barlow, as occupant of 2124 14th street, and as agent for the owner, Mrs. Irene S. French, has written protesting against the granting of a permit for the proposed market house. He declares there is no need for a market in the locality, and a market would be a serious detriment to property in the neighborhood.

William Murphy of 2220 14th street, as owner of seven pieces of land in block 202, writes that he feels it to be his duty to protest against the proposed market. The establishment of a market in the locality, he declares, would only ruin the property in the vicinity and do nothing to improve the same.

The matter is still under advisement by the Commissioners.

Elections Confirmed.

The national board of the Daughters of the American Revolution has confirmed the election of Miss Fraser of Lancaster as state regent of Pennsylvania to fill the vacancy created by the death of Mrs. Louis Hall of Harrisburg. The board has also confirmed the election of Mrs. Winslow to be state regent of Massachusetts, in place of Miss Sara Daggett, who retired.

HELD FOR GRAND JURY.

George Lyles Accused of Criminally Assaulting Young Woman.

Said Lyles, a colored man, whose home is located near 24 street and Maryland avenue northeast, and who was arrested by Officer Qualls on the charge of assaulting Miss Katie Draeger the night of February 27, was today arraigned in the Police Court on the accusation and Judge Scott held him in \$1,000 bonds for the action of the grand jury.

Miss Draeger testified that while going to her home from her place of employment about 10 o'clock the night of February 27 she was accosted by the defendant, who said he had been looking for her for several months, and that he now had her. He displayed a big knife, she said, and two pistols, which he threatened to use if she resisted, and she faintly. While in that condition, she said, Lyles criminally assaulted her. She positively identified the defendant as her assailant.

Counsel for defense claimed that the case was one of mistaken identity, and that they could prove an alibi.

In a Scranton, Pa., high school every one of the yearly hours was carried off by the girls, the boys being vanquished at every point.
